INTRODUCTION

This Field Study Handbook and the associated Field Experience Syllabi are intended to support teacher candidates’ induction into the teaching profession as part of the Bachelor of Education program from the University of Saskatchewan (U of S).

U of S College of Education Field Practicums are delivered in a variety of ways, depending on year in the program and program type (Indian Teacher Education Program/ITEP, Saskatchewan Urban Teacher Education Program/SUNTEP, and four year Direct Entry program). Overall goals, however, remain the same: to unite theory and practice, to connect course work and field study, and to support teacher candidates in deepening their understanding of the important work that teachers do in classrooms, schools, and local as well as global communities.

Field Study components of the current program actualize the belief that field practicums should take place throughout the program, with continuous work in schools closely connected to work in the College. Teacher candidates are involved early in productive observations and supported teaching in schools within a framework provided by the courses EDST 321.3 (Field Experience: Learning in Context) and EDST 322.3 (Field Experience: Relational Curriculum-Making in Practice, Planning, Adapting and Assessing). In this way, teacher candidates can expediently attend to aspects of their professional portfolio. This dynamic exposure to life in schools is intended to illuminate and motivate the development of competencies that teachers require as well as offer deep reflection regarding career choices.

While the language of early Field Study has moved away from terms like “student teaching” to “Field Practicum”, the language regarding the extended practicum module has also changed. “Field Experience Professional Extended Practicum” is the title of the current course EXPR 422.15.

In the fall of 2018, Direct Entry students take EDST 321.3 and 322.3 in their third year in the College, with EXPR 422.15 occurring in their fourth and final year.

I. SASKATCHEWAN TEACHER CERTIFICATION COMPETENCIES

Competencies in four areas are outlined by the Saskatchewan Ministry of Education, establishing categories in which skills must be developed prior to teacher certification in this province. These competencies, approved by the Saskatchewan Ministry of Education’s Teacher Education, Certification and Classification (TECC) Board, are listed below. They have been utilized as goals and outcomes for the Professional Growth Plan teacher candidates will complete as part of EDST 321 and 322 field experiences (see Appendix A).

Professional (Personal) Competencies
- Demonstrates the ability to maintain respectful, mutually supportive and equitable professional relationships with learners, colleagues, families and communities;
- Demonstrates ethical behaviour and the ability to work in a collaborative manner for the good of all learners;
- Demonstrates a commitment to social justice and the capacity to nurture an inclusive and equitable environment for the empowerment of all learners; and
- Demonstrates a commitment to service and the capacity to be reflective, lifelong learners and inquirers.

Knowledge Competencies
- Demonstrates knowledge of Canadian History, especially in reference to Saskatchewan and Western Canada;
- Demonstrates proficiency in the Language of Instruction;
- Demonstrates knowledge of First Nations, Metis and Inuit Culture and History (e.g., Treaties, Residential School, Scrip, and Worldview);
- Demonstrates ability to use technologies readily, strategically and appropriately;
- Demonstrates knowledge of a number of subjects taught in Saskatchewan schools (disciplinary/interdisciplinary knowledge); and
- Demonstrates ability to strive for/pursue new knowledge.

Instructional Competencies
- Demonstrates the ability to utilize meaningful, equitable and holistic approaches to assessment and evaluation; and
- Demonstrates the ability to use a wide variety of responsive instructional strategies and methodologies to accommodate learning styles of individual learners and support their growth as social, intellectual, physical and spiritual beings.

Curricular Competencies
- Demonstrates knowledge of Saskatchewan curriculum and policy documents and applies this understanding to plan lessons, units of study and year plans using curriculum outcomes as outlined by the Saskatchewan Ministry of Education;
- Demonstrates the ability to incorporate First Nations, Metis, and Inuit knowledge, content and perspective into all teaching areas; and

Demonstrates the capacity to engage in program planning to shape ‘lived curriculum’ that brings learner needs, subject matter, and contextual variables together in developmentally appropriate, culturally responsive and meaningful ways.

| **Beginning (First 2 weeks)**  
- Initiate a conversation with your partner teacher and administrator about their roles in the school community (1.1)  
- Inquire about a tour of the school on the first day in the school  
- Use some place-based thinking, and make time to walk around the vicinity of the school and surrounding community. Take note of the following:  
  - How do the surroundings affect the students and the school?  
  - How would the community be useful in your lesson planning?  
- Inquire about the various roles in the school (administrators, secretary, resource and support personnel, librarian, EA’s, caretakers, etc.)  
- Be open to, and plan for, possible participation in extra-curricular events, PD opportunities, supervision, etc. (clarify the expectations around supervision and staff meetings).  
- Compose and send an introductory email or letter to the parents of the students. | **Beginning (first 2 weeks)**  
- Ask your partner teacher what you can be responsible for within the lessons (i.e., distributing handouts, collecting assignments, organizing groups, etc.). (1.2)  
  - *What is the intention of what you are doing?*  
  - *What does prior experience have to do with how you interpret student behaviour and learning?*  
- Be cognizant of how many professionals may already be interacting with the student: speech pathologist, learning assistance teacher, EA, medical facilitator and remember to be ethical in your discussions outside of the classroom. | **Beginning (first 2 weeks)**  
- Discuss the school and classroom culture, personal philosophy of teaching, classroom routines, division goals and philosophy, etc. |
Be cognizant of student privacy when engaging in conversations. Talk to your partner teacher about pertinent background information. Look for opportunities to use your observations and reflections in your University classes.

- You will be working with (1.1, 1.2, 2.2)
- Research the history and socioeconomic demographics of the school and the community you will be working in (2.1)
- Observe and record your reflections pertaining to what you have learned about the students (names, interests, family backgrounds, strengths, supports, etc.) (1.1)
- How have your observations been valuable in understanding your students' needs and identities?
- What is the significance of different learning contexts in the social, emotional, physical and cognitive development of the students? (home, community, classroom)
- How could this knowledge inform your planning, assessment and teaching?
- Sketch floor plans of different classrooms and describe possible factors that may contribute to why certain organizational features exist in different classrooms.
- Share personal experiences and the importance of re-examining assumptions.

Field Study Assessment and Evaluation

Ongoing formative assessment is supportive in the development of effective teaching. In tandem with the PGP, teacher candidates will be collecting evidence and reflections related to each of the PGP goals. At the end of Term 1, and again at the end of Term 2, teacher candidates will meet with partner teachers (and in-school administrators, if appropriate) to complete the Assessment form. This form is related to the PGP categories - stating the progress made so far and the next steps for the various sectors, a signature and summary page. As an official document, it must be signed by all parties involved, including the principal. While offering formative feedback, this document serves as the evaluation. This evaluation will be brought to your essential conversation at the end of each term and will help guide your discussion with cohort coordinator.

For further assessment and evaluation of field experiences related to EDST 321.2, please see Appendix B for the Field Study Assessment form. Assessment form also available at: http://www.education.usask.ca/fieldexperiences under the Field Practicum Section.
III. FIELD STUDY PLACEMENT PROCEDURES AND SUPPORTS

Field Placement Protocol

EDST 321.3 involve school-based experiences in Saskatoon Public School Division, Greater Saskatoon Catholic School Division and Prairie Spirit School divisions. These courses are for credit and considered part of the academic program, and, as such, they are aligned with assignments from course work and attendance expectations. Teacher candidates are not authorized to create alternate partnerships with schools outside the cohort placement or outside these school divisions due to the variety of factors involved in our partnership programs. In addition, it is not appropriate for teacher candidates to request specific schools or teachers, nor can schools request a specific teacher candidate for EDST 321 field study placement. Cohorts are assigned partner schools by the Field Experience Team; cohort coordinators place teacher candidates according to interests and available partner teachers.

**Please note that the intent is to give teacher candidates diverse experiences and therefore placements will most likely vary with EDST 321 and 322.**

Criminal Record Check

MANDATORY Criminal Record Check (CRC) with the additional requirement of the vulnerable sector check, are mandatory for ALL Teacher Candidates

First year Sequential Teacher Candidates - please deliver an original document representing your CRC to your Cohort Coordinator. Field Experience will deliver the CRC to the school division office connected to your partnership school. Your CRC should be given to your cohort coordinator in a sealed envelope with your name on the envelope.**Please retain additional copies so you can use for second term.

1. The criminal record check (CRC) must be an original document that is dated within six months of the start date for field experiences and includes a vulnerable sector check.
2. You will not be allowed to enter a school for field experiences or extended practicum without a passed CRC delivered to the appropriate location.
3. CRCs can be obtained from the local city police or the RCMP in your area, and can take about two weeks to process by these groups. Field Experience Office staff suggest that teacher candidates request three originals so that you can retain some for future use.
4. The costs for the CRCs are to be paid by the applicant.
5. Verbal reporting of any new criminal charges must be done (no later than two working days after being charged) to the Director of Education in the school division where field experiences/extended practicums are taking place, and this report must be followed immediately by a written report outlining the charges. Relevant circumstances may be included so that the Director or a designate can investigate further.

If You Have a Criminal Record

Teacher candidates with a criminal record are advised to seek advice as to whether they will be eligible to student teach, do the extended practicum or teach once they graduate. You are advised to apply for a record suspension as soon as possible. Further information regarding eligibility to receive certification and application for a pardon can be found at:

https://www.canada.ca/en/parole-board.html

Record Suspensions

Under the Criminal Records Act (CRA), the PBC may order, refuse to order, or revoke record suspensions (formerly pardons) for convictions under federal acts or regulations of Canada. Learn about the eligibility criteria for a record suspension and how to apply for one.

Accommodation Planning For Teacher Candidates with Disabilities

The College of Education’s Bachelor of Education (B.Ed.) program is required by Saskatchewan Human Rights legislation and the University of Saskatchewan Students with Disabilities: Academic Accommodation and Access policy to provide reasonable accommodations to students with disabilities so they can develop the competencies required for the profession of teaching.

Teacher candidates with disabilities who anticipate they may need reasonable accommodation in order to meet the required standards are responsible for registering with Access and Equity Services (AES) ) as soon as possible (preferably prior to school start-up).
https://students.usask.ca/health/centres/access-equity-services.php

Field Experiences Accommodation Plan

Field Experiences office at the College of Education have also developed an accommodation plan for teacher candidates when completing their field-based experiences (321, 322, and 422). This plan is separate from the AES accommodation plan and is to offer additional support when in the field. Once you have registered with AES, then you can meet with Greg in our field experience office to create an accommodation plan tailored for your field experience.
Challenges and Solutions

Processes followed related to field experiences align with challenges occurring during an extended practicum; for further information, see: http://www.education.usask.ca/fieldexperiences

Tools and Resources

Please refer to the Tools and Resources tab on our website for lesson plan and unit plan templates, FNMI infusion information, suggested websites and readings and other useful tools and resources.

IV. AWARDS AND FUNDING

Field Experience Travel Bursary

This up to $300 bursary supports travel by teacher candidates related to out-of-town field experiences (student teaching within PSSD; extended practicum; inquiry course) and is distributed on a needs’ basis within available College funding. Information will be provided directly to TCs at practicum orientations, and through Inquiry Course instructors. Information is found on our website under Policies and Schedules.

Bates Award for Excellence in Student Teaching (Extended Practicum Experience Only)

The Bates Award for Excellence in Student Teaching is a prestigious award received by meritorious undergraduate students in the College of Education at the University of Saskatchewan in their final term of study. The Award is annually presented to the top 2% of College of Education teacher candidates who have demonstrated educational excellence; innovation; a high degree of impact upon their fellow students, students in school, or the community; and academic achievement during their extended practicum while members of the College community.

Teacher candidates may be nominated by their extended practicum collaborating teacher, extended practicum facilitator, or the school principal from which the practicum took place.
All recommendation letters and any other documentation can be forwarded to Programs Office (Room 3350, College of Education). They can be dropped off or emailed to awards.education@usask.ca.

| 2.1 knowledge of Canadian History, especially in reference to Saskatchewan and Western Canada; |
| 2.2 proficiency in the Language of Instruction; |
| 2.3 knowledge of First Nations, Metis and Inuit Culture and History (e.g., Treaties, Residential School, Scrip, and Worldview); |
| 2.4 ability to use technologies readily, strategically and appropriately; |
| 2.5 knowledge of a number of subjects taught in Saskatchewan schools (disciplinary/interdisciplinary knowledge); and 2.6 ability to strive for/pursue new knowledge. |

| 3.1 the ability to utilize meaningful, equitable and holistic approaches to assessment and evaluation; and |
| 3.2 the ability to use a wide variety of responsive instructional strategies and methodologies to accommodate learning styles of individual learners and support their growth as social, intellectual, physical and spiritual beings. |

| 4.1 knowledge of Saskatchewan curriculum and policy documents and applies this understanding to plan lessons, units of study and year plans using curriculum outcomes as outlined by the Saskatchewan Ministry of Education; |
| 4.2 the ability to incorporate First Nations, Metis, and Inuit knowledge, content and perspective into all teaching areas; and |
4.3 the capacity to engage in program planning to shape ‘lived curriculum’ that brings learner needs, subject matter, and contextual variables together in developmentally appropriate, culturally responsive and meaningful ways.

Current Syllabus for EDST 321.3 University of Saskatchewan

College of Education
EDST 321.3 Field Experience Learning in Context

Course Description: This component of field study focuses on community and place-based learning in alternate sites of educational practice that offer an integrated and orienting place-based experience. In addition, teacher candidates will engage in weekly school-based experiences where they will engage with learners to more deeply understand and apply learning in contexts including instruction strategies, planning and adapting, assessment and evaluation, and the effective use of technology.

Learning Outcomes:
Upon completion of the course, students will be able to:
- develop TECC competencies through field experience and seminars
- demonstrate professional understandings through description of active participation in a wide range of activities within the life of the school
- illustrate ability to engage with students, colleagues, parents and administrators
- identify deepening perspectives on education and the community as well as the role of the school in society
- conceptualize professional identity with particular insights into the realities of classroom teaching and the needs of the profession aligned with personal skill set

Attendance Expectations: Teacher Candidates will be attending four seminars (first two are the Sept. orientations) on campus in Term 1 where they will learn a variety of skills, supported by the EDST 321 co-ordinator, in order to further understandings of planning, adapting and assessing. While off campus in their “professional homes” in partner schools, Teacher Candidates will be punctual in attendance and complete field-based course assignments as well as participate in the life of the partner school under the guidance of the partner teacher. In addition, Teacher Candidates will collaborate with the partner teacher to draw upon previous knowledge, skills & resources to apply previous coursework to creating and presenting lessons to individuals and small groups as well as the whole class (with two classroom lessons anticipated this term). Teacher Candidates who need additional support may be invited to a half day seminar on Wednesdays during the term.

Any absences must be communicated to the partner teacher as well as the cohort co-ordinator prior to 8:30 on the day of the absence, with appropriate explanations provided.
The University calendar stipulates, “Regular and punctual attendance is expected of students in all their classes (including lectures, laboratories, tutorials, seminars, etc.) Students who neglect their academic work may be excluded from the final examinations.” When applied to this course, this statement shall mean that a student is allowed to be absent from at most 3 hours of class on campus/7 hours of class in schools. When a student has been absent without providing the cohort co-ordinator with an acceptable explanation, the student will receive a written reminder regarding the attendance regulation. Any further absences, the teacher candidate will begin the "If Difficulties Arise" process.

In cases of unacceptable absenteeism, the EDST 321 co-ordinator can exercise the right to exclude the student from the Essential Conversation, which is a requirement to pass this course. Students having valid reasons for being absent from a class (illness, death in the family, etc.) shall provide their EDST 321 coordinator with appropriate evidence to support the reasons given.

Accommodation Planning For Teacher Candidates with Disabilities

The College of Education’s Bachelor of Education (B.Ed.) program is required by Saskatchewan Human Rights legislation and the University of Saskatchewan Students with Disabilities: Academic Accommodation and Access policy to provide reasonable accommodations to students with disabilities so they can develop the competencies required for the profession of teaching.

Teacher candidates with disabilities who anticipate they may need reasonable accommodation in order to meet the required standards are responsible for registering with Access and Equity Services (AES) as soon as possible (preferably prior to school start-up).

Field Experiences Accommodation Plan

The College of Education has also developed an accommodation plan for teacher candidates when completing their field-based experiences (321, 321, and extended practicum). Although a combined meeting between AES and Field is desirable, a separate meeting may be required. Please be sure to contact the Field Coordinator so that specific support for the field can be planned. Please remember that AES does not share names without consent. It is important that the teacher candidate shares that he/she requires AES support and, therefore, support while in the field.

**Duty to report Child Abuse**

As a member of the community, if you believe a child may be neglected or abused, you have a legal responsibility to immediately report your concerns.

• Time is of the essence in ensuring the safety and well-being of children. Immediately report all incidents of suspected, observed or disclosed abuse.
• Do not wait until you have all information before reporting the abuse.
• You have an ongoing duty to report child abuse, even if you believe a report has already been made.
• If you believe the child or other children must be protected from further abuse, please contact the police.
• Do not contact the alleged perpetrator.

*Each school division has a protocol for reporting suspected abuse. Please check with the school principal.*
